

Schedule C
First Public Consultation – Phase 2
Township of Essa
Municipal Class Environmental Assessment
Wastewater Servicing for Baxter
Public Comment Invited

A Municipal Class Environmental Assessment (Class EA) was completed in 2012 by CL Marshall Farms Ltd and identified a Preferred Alternative that was based on a municipal wastewater collection system bringing wastewater to a central sewage pumping station that would pump all wastewater to the Angus Wastewater Treatment Plant by forcemain. Brookfield Residential re-commenced a Municipal Class EA to assess the alternative solutions under Schedule B or Schedule C to meet the projected demands and identify and evaluate the alternatives for wastewater treatment for the Community of Baxter. In accordance with the Municipal Class Environmental Assessment document (MEA, 2015), the Class EA re-commenced in December 2019. The project team has defined the problem and opportunity, alternative solutions, reviewed potential impacts, evaluated the alternatives, and identified a preferred alternative.

As required for Schedule C projects, Brookfield Residential and Azimuth Environmental are making preliminary study materials and plans available for public viewing.

The mandatory first Public Information Centre is scheduled to occur on August 25, 2020 from 3:30 to 7:30pm at the Baxter Baseball Diamond located at 119 Murphy Road. Physical distancing protocols will be in place, and all people must wear a face covering. To reduce waiting times, we are taking reservations for 30 minute time slots (3:30pm to 4:00pm, 4:00pm to 4:30pm, 4:30pm to 5:00pm, 5:00pm to 5:30pm, 5:30pm to 6:00pm, 6:00pm to 6:30pm, 6:30pm-7:00pm and 7:00pm to 7:30pm). Please call Mike Jones (705-721-8451 X 213) to reserve your spot. RESERVATIONS ARE MANDATORY. A maximum of 12 persons per time slot will be allowed and a timeframe of 20- 30 minutes to view the material is expected.

The same information that will be available at the Public Information Centre will also be available on-line at (www.azimuthenvironmental.com - follow the tab under “Documents”). A comment form is also available on-line and you can directly call the two people below to ask any questions. It is requested that comments be submitted prior to September 8, 2020 so they can be considered in the finalized Phase I/II Report.
